Raise Bay faculty pay

All teachers in the Bay St. Louis Separate Municipal School System will receive the full \$300 a year pay raise voted by the state legislature last month.

The trustees Monday night took this action, which will require an additional \$4,800 in local funds, after Superintendent Joe D. McCullough told them the pay scales for A and AA certificate teachers in surrounding municipalities and recommended this course "if we want to continue to get and keep" good teachers.

The state law provides \$300 additional each year for the 60 so-called unit or basic teachers in the system but nothing for the 16 non-unit teachers. While it requires that no school system can get these funds unless it puts up as much in local funds as it did last year, the trustees could have spread the benefit of the additional funds over all 76 teachers which would have amounted to approximately \$237 per teacher.

The trustees on McCullough's recommendation approved appointment of Miss Linda Henry of Union as librarian for next year. She is a 1964 graduate of University of Southern Mississippi.

With Miss Henry's appointment next year's faculty is complete. Gulf Chevrolet was low bidder at \$3,139.63 on a new school bus chassis and the board accepted the price. The only other bid by Fred Hoagland Ford was for \$3,145.01. Body for the new bus will be furnished by Superior of Kosciusko.

In other matters the board authorized McCullough to borrow up to \$6,000 from the city for summer maintenance work on approved Transportation docket Nos. 94 through 102 and district maintenance docket Nos. 548 through 591.

6 Brothers note milestone of vows

Six brothers of the Sacred Heart at St. Stanislaus College celebrated anniversaries of taking their final vows Sunday.

MTO dips little

Employment at Mississippi Test Operations dipped slightly this week with a total of 1,869 against 1,935 the previous week but predictions still hold for around 2,500 persons on the job by the end of July. Contractor personnel was down from 1,563 to 1,492.

Ban trailers on sewerage

Operation of trailers in Hancock County without facilities for sewage disposal was prohibited by the board of supervisors Monday as a public health measure.

On the motion of Beat 1 Supervisor H.G. Dean, the board unanimously adopted a resolution forbidding persons from operating, owning or residing in housing facilities such as trailers and the like unless adequate provision is made for disposal of sewage from them.

The decision came after Dean complained the growing transient population in the Pearlboro area had resulted in trailers being placed at random which created many problems.

The Beat 1 supervisor also inquired what steps he could take to stop house movers from breaking bridges as has occurred on Bayou LaCrosse Road. Lucien M. Gex, board attorney, advised that weight limits are

set by law and movers could be sued for damage they cause. Dean then announced he would give movers until July 1 before starting several blacktopping and improvement jobs and enforcing the law.

In another matter emanating from Mississippi Test Operations Dolph Kellar of Beat 2 and Dean raised the question of how to secure collection of taxes on gasoline within the test site.

Walter J. Phillips, attorney for the county school board who has been retained to represent the county in acquisition of its land for MTO, was authorized to negotiate with the U.S. Attorney's office for a settlement for a 16th Section tract it is taking in the test site. A U.S. District Court Jury fixed the sum at \$127,000 and the government appealed.

Gex advised Sheriff Sylvan J. Ladner, Jr., that the security patrol which the county operates at MTO has the right to stop

speeders on Rt. 43 running through the test site. Ladner had received numerous inquiries about the patrol's power to do so.

A contract was approved with the county welfare department for distribution of commodities as presented by Mrs. Frances S. Frankiewicz, new welfare agent.

On Dean's motion, seconded by Kellar, the board voted 4-1 to dismiss Cornelius J. Ladner as veterans' service officer effective July 1. Lone dissenting vote was cast by James Necaise of Beat 4. The

DEAN ROBERT

Dean Rob't succumbs Monday

Dean James M. Robert, 78, member of the recently created Hancock County Ports and Harbors Commission and of Waveland's Planning Commission, died about 5 p.m. Monday at Baptist Hospital in New Orleans after a brief illness.

Since retiring in 1950 as dean of the college of engineering at Tulane University, a post to which he was named in 1936, he made his home at 608 Beach Blvd., Waveland. Dean Robert was a native of St. Paul, Minn., and joined the Tulane engineering faculty upon graduation in 1906 as an instructor in mechanical engineering. In 1912 he was named assistant professor of experimental engineering and in 1916 an associate in machine design. He became a full professor in 1920.

He was in charge of the U. S. Shipping Board Marine Engineering School at Tulane from 1917 to 1921 after heading the motor mechanics division of (Cont. on Page 7.)

Car hits child on playground

Kenneth Ray Carver, 8, of Washington Rd., was struck by a Ford driven by Miss Sylvia B. Huete of New Orleans at 9 a.m. Wednesday on Our Lady of the Gulf School playground. Kenneth was taken to Hancock General Hospital with a broken leg and cut over his right eye.

No charges have been filed. Police chief Lathon Garriga investigated.

Ask 6th bids on road, let 1 job

Lone bid of Necaise and Pen-ton and Gulfport of \$170,680.06, which ran about 14 per cent over the State Highway Department's estimate, for a 5.38 mile state and federal aid project on the Dummy Line Road in Beat 4 was accepted by the board of supervisors Monday afternoon.

The board also voted to readvertise for an unprecedented sixth time for bids on the Rocky Hill Road job in Beat 3 in the hope of securing an acceptable price at 2 p.m. July 7.

Bids on the two projects were opened last week and the only one on the Beat 3 job was thrown out on an irregularity. Frank T. Moore, state aid engineer, who was present at Monday's meeting, expressed deep concern over the Rocky Hill job, noting that 13 bids have been submitted on fivevires and four of them contained irregularities. Moore and B.F.

Broome, district state aid engineer, urged the county engineer, George Wier, to particularly caution prospective bidders about writing out unit prices on the next bids as well as to try and stimulate more bidding.

To the question of whether the board could negotiate a contract for the Beat 3 job, Moore said the attorney general had ruled that out through the years.

Supervisors elected to proceed with the Beat 4 project on grounds of need, noting that rejecting bids on the Rocky Hill job, first done last summer, had not resulted in any lower prices than those earlier submitted. Moore and Broome noted on the other hand that only last week a contract had been awarded in neighboring Stone County which ran under the department estimate.

H.G. Dean, Beat 1 supervisor, questioned whether the decision would delay extension of the Lower Bay Road he hoped to get started shortly but it indicated that by the time necessary plans were completed enough matching funds would be available.

Doctors recommend Eye hospital rule change

Changes in the by-laws of the Hancock County Hospital will be made at a special meeting of the board of directors called for this purpose Wednesday, June 17.

The meeting was called Tuesday night by the board of directors.

Emergency action was taken at the meeting to suspend the resignation of Dr. Cornelius J. Ladner.

Changes in the by-laws, to be recommended by four doctors practicing at the hospital, were discussed.

Dr. McFarland read a statement prepared by himself and Dr. Martinovich, and Dr. Ladner is alleged to have violated several by-laws, to have suspended the emergency operation of the hospital, to have violated the privacy of the hospital, and to have violated the privacy of the hospital.

Dr. Ladner's statement said he had resulted in the suspension of the emergency operation of the hospital, and to have violated the privacy of the hospital.

Call blood drawing Wed'day

Although 11 pints of blood remain in reserve for the first time since 1960, Blood Bank chairman John Rutherford urges that all who have received blood and pledged donors turn out for the drawing at the American Legion Home from 2 until 8 p.m. Wednesday.

As this is to be the last drawing until October it is necessary that as many pints be given as possible.

Election of officers will take place at 8 p.m. Friday at the Legion and all members and interested parties are invited to attend.

INDUSTRIAL ELECTRIC INC.

CELEBRATES 35 YEARS' SERVICE

Bay St. Louis plant, scheduled for early expansion

THE BAY ST. LOUIS PLANT of Industrial Enameling Division provides more than 60,000 square feet of manufacturing space for the most advanced porcelain enamel manufacturing equipment. A complete metal working shop, scientifically controlled gas fired radiant tube type continuous furnace, and modern enameling equipment insure reliably consistent quality work. More than 150 people are employed.

1929-1964: A Period of Industrial Growth

On the tenth of June, 1929, just four months before the start of the Great Depression, E. M. Brignac, Sr. opened a modest shop on Carondelet and St. Joseph streets in New Orleans as an electrical motor repair company. It was called Industrial Electric, Inc. With him were A. F. Brignac, Sr., Joseph A. D'Arcangelo, Joseph J. Muller, and Charles Thornton. Four of the five are still together, and the modest shop has done a little growing.

Some years later Industrial Electric ventured into the Neon sign business, and has expanded into one of the largest electric sign manufacturers in the United States.

For a number of years Industrial was one of the major electrical contractors in the South. Among the projects that were completed by the electrical construction department were the wiring of the Huey P. Long Mississippi River Bridge, wiring the huge Pan American Life Insurance and the Hibernia Bank Buildings in New Orleans and many other assignments including naval bases and power line installations in the Carolinas and other states.

In 1946 Industrial's Enameling Division was created to manufacture porcelain enameled signs and architectural porcelain enamel panels, with a dealer and sales organization serving virtually the entire country, including Alaska.

The Enameling Division was moved in February, 1962 to a new plant built in Bay St. Louis

under Mississippi's BAWI Plan. Over 100 Mississippi citizens joined the Industrial family along with many others who moved to the Bay St. Louis area. The plant is producing architectural porcelain enamel, panel walls, porcelain enamel signs and other porcelain enamel products in 60,000 square feet of modern manufacturing space. Because of increased sales of porcelain enamel products an addition to the Bay St. Louis plant will soon be erected.

More than 150 people are employed in the Bay St. Louis enameling plant. Products from this plant are now being shipped as far away as Bangkok, Thailand and Krakow, Poland. Industrial Enameling is a member of the Porcelain Enamel Institute and a charter member of the Quality Verification Council of the Institute.

In 1938 Industrial established its affiliated company, Industrial Outdoor Displays, for the erection and leasing of outdoor advertising poster boards and painted spectacular displays. This company now operates approximately 1400 poster units and 600 painted units. A unique system of painted units enables customers' advertising to be rotated to any of 75 locations about the city either monthly or bi-monthly. Industrial Outdoor has developed a number of new outdoor advertising techniques, notably the "Industrialite" plastic faced, interior illuminated outdoor display. Major national and local advertising accounts are served.

The Plastic Sign Division was added in 1951. It has facilities to fabricate and press form letters, shapes and characters of almost any description. Individual custom designed signs as well as multiple unit signs in production line quantities are produced for shipment throughout the United States.

1958 saw the establishment of Industrial's Panel Board Division. It assembles panel board cabinets, switchboards and electrical control centers used in commercial and industrial buildings, and works closely with the motor repair shop, Industrial's original division.

In 1962 Industrial Outdoor Displays purchased the New Orleans plant and facilities of General Outdoor Advertising Company, substantially expanding its capacity to serve the needs of local and national advertisers.

To give Industrial sign service more efficient autonomy, Industrial Signs, Inc. was established in 1960, as an affiliated company. Its plant at 405 North Roman streets produces Neon, porcelain enamel, painted and plastic signs.

Industrial Outdoor's Highway Advertising sign service advertises services, motels, hotels, and products and extends along major highways into many states.

That's a good deal of growing, for the first 35 years. Industrial Electric is still young, with its eyes firmly fixed on the future and continued growth!

INDUSTRIAL NOW EMPLOYS 400 PEOPLE, HAS AN ANNUAL PAYROLL OF \$2,000,000

Teen Times

As summer activities are in full swing with many vacationers around, now that schools in New Orleans are out, we'll proceed with our annual safety warning — not that we expect it to do much good, but it's a matter of conscience to try anyway. Most important is the reminder that it is absolutely unsafe to dive anywhere but off the Bay Municipal dock (and then only at the end where the water is deep) and in eight or more foot deep pools. Local boys and girls are aware of this, but every summer some visitor ends up with a broken neck, and the victim is usually paralyzed for life if the injury isn't fatal. Not a very pretty picture and such mishaps are so unnecessary. Water skiing is a wonderful sport, but remember that a moving propeller can easily sever an arm or leg — so be especially cautious while skiing or operating a boat... stay far away from swimmers and pierce. And when driving, try to cut your speed during the next three months... some parents of toddlers apparently let them roam the streets at will, so guess it's up to you to watch out for them! End of lecture.

From what we're told there'll be red hot competition for the Miss Bay St. Louis title this year. We don't have a complete list of entries as yet but Ann Clark, Betty Smith, Karen Williams and Dennis Seuzeneau are all just as talented as they're pretty.

Beginner's sewing classes began Monday at Bay High under the capable direction of Mrs. J.R. Erwin. Girls 14 and over are eligible.

Waveland's contribution to the Deep Sea Fishing Rodeo is to be pretty Barbara Noonan who will be wearing a lavender swim suit for the water activities. Lovely blonde Irene Thomas, who just completed her freshman year at PRJA, will represent the Bay.

SJA freshmen, sophomores and juniors will really stand out in the new uniform which will consist of blazers with the school emblem and skirts all made from the same dacron-wool blend fabric. The new dress is not compulsory for seniors as they would only have one year to wear them but we're much in favor of the new mode of dress. It won't be too much of a financial burden as the blazers will out last sweaters by years and girls will look so much smarter in skirts and jackets all exactly the same shade of navy and best of all the new material will hold pleats.

As college semesters end everybody seems to be at home now. Karen Lewis, Gail Stewart, Dennis Seuzeneau, Jody Cox, Lars Phillips and Ronnie Russell were among those arriving from Ole Miss. Wynn and Kathy Heath (incidentally we hear that Kathy has matrimonial plans) Teddo Thomas, Rippe Rausch and Max Treilles from LSU and Nancy Marochino from Our Lady of the Lake.

Ann Clark and her roommate at Rice University, Mary Ann Addison of Port Arthur, Texas, came in last Thursday. Mary Ann will be Ann's

AT WAVELAND BAPTIST BIBLE SCHOOL CLOSING EXERCISES

Waveland Bible School draws peak enrollment

Waveland Baptist Church Bible School held May 25-June 5 had an enrollment this year of 104, with an average daily attendance of 83, as compared to last year's enrollment of 80 and average attendance of 60. This year's mission offering was \$43.53, over \$36.78 for last year.

Lynn Rose is enjoying a 30 day vacation from nursing training at Baptist Hospital. She spends much of her time in the pool at her parents' new Bay Royale apartment. Caroline Daniels, also at Baptist where she's studying to be an X-ray technician, is here for a two week rest as is Nancy Chatman, Nancy, who is the owner of a shiny new black foreign car, has just completed a training course at the telephone company.

Bay High graduate Ann Bryant who'll enter her junior year at Southern in September, was the weekend guest of her aunt, Mrs. Lorena Johnson, at her St. Charles Street home.

Carolyn Holmes was another welcome visitor. Carolyn who worked at the Echo last summer saw all of her local friends while spending the weekend with Nell Thomas.

Chuck Breath is attending aquatic school at Camp Shelby. Get well wishes go to Pat Murphy who is recuperating at his home after having surgery at Toulo last week. Also to John Mathias who suffered a badly lacerated knee in a fall from his bicycle.

Our apologies to Maureen Thompson, Margaret Horne and Brenda Benigno whose names were inadvertently omitted from the list of hostesses entertaining St. Joseph seniors at a recent party at the yacht club. We also want to welcome a new reporter Jeanne Martinovich, who is going to assist us in digging up news.

Helen Biehl, SJA graduate has enrolled for summer courses at PRJC and Linda Mazarakis has gone to Hattiesburg to begin her junior year this semester. Linda finished at PRJC in May.

Pretty blonde Cheryl Moran is attending summer school at Bay High, but is opening a beauty shop in Kiln to occupy her afternoons.

A very happy if belated birthday wish goes to Sue Ann Buehler who was sweet 16 on Saturday, June 6.

TO SWIM MEET

Competing in the New Orleans Invitational swimming meet Saturday, will be 47 Bay St. Louis swimmers, ages nine through 17. The boys and girls will compete at either Monk Simon swimming pool, Tulane University, or Valencia swimming pool.

Ketchum, pianist, and Mrs. Jeanne Breland and Mrs. Russell Goss, refreshment committee.

Faculty were, nursery, Madeline Wilkie Ruffin, Joe Wizanaky, John Chandler, Pat Cole, and Miss Nan Nelson; Bookkeepers, Elsie Palmetto, Floyd Wilkinson, Jewel Thornburg, and M. R. Markel. Primary teachers were Madeline Walker Daniels, Joseph Daly, Pat Black, and Diane Mahaffey. Junior teachers were Madeline J. D. Green, Edsel Gibson, Bonnie Ferrell, Dallas Harrington, John Coburn, and Mr. Joe Roberts. Intermediate faculty included Madeline Jack R. Smith and Lamar Hill.

Mollere girls swamp Luke's as play starts

Mollere Realty, defending champs, won the opener of the Women's Softball League as they romped over Leroy Luke's Electric 19-3 Tuesday night. Carol Bourgeois smashed four doubles, Cheryl Ming three singles, Paula Crider three singles and a double, and Georgetown Stolz a triple, a single and a double for top batting honors. Crider was credited with the win allowing six hits to Jo Ann Colson's 24.

Frances Cochran got a single and a two bagger, Jo Ann Colson a triple and single and Piji White two singles to account for all Luke's hits.

In the first game Moran's defeated Don's Service 17-7.

Dinner honors Miss Parker Wesley Ladners is bride of on 42nd mark Mr. Necaise

Mrs. and Mr. Wesley (Jack) Parker daughter of Mrs. Francis Moran of Rt. 2, Gulfport, to Barney Necaise, son of Mr. and Mrs. Lavander Necaise of Rt. 1, Pass Christian, took place at 2 p.m. Saturday at St. John's Catholic Church at Liza. Rev. Lucy Gross was celebrant for the double ring ceremony.

The bride was given in marriage by her step father, Francis Moran.

Miss Carol Ladner of Liza was maid of honor. Bridesmaids were Misses Lynn Fazio, Marlene Moran, sister of the bride, both of Liza; Shirley Shydu and Helen Necaise, both of Kiln, cousins of the groom.

Best man was Charles Necaise and groomsmen were Hayward Necaise, C.J. Hode, all cousins of the groom from Kiln, Jimmy Parker and Martin Moran of Liza, brothers of the bride.

A reception followed at St. Ann's Youth Center.

After a wedding trip to Texas, the couple will reside at Rt. 2, Box 214, Gulfport, until the fall when Mr. Necaise has accepted a position as physical education teacher in Chalmette, La., schools.

A real man

James M. Robert reached a high pinnacle in his chosen profession very early in 1935 when he became dean of Tulane University's College of Engineering. In his field many other honors he earned. From 1943 to 1945 he was one of the members of the American Society of Mechanical Engineers' national chapter. From 1935 to 1939 he was chairman of the Southern Section of the American Society for Engineering Education. His ability and his knowledge of engineering were just fact.

When he retired as active dean to become dean emeritus in 1950 he became a full time resident of Waveland. Our personal knowledge of Dean Robert does not go even that far back, but knowledge of him only during the past few years is sufficient for a realization of some of his fine attributes, of his selfless giving of time and energy for local improvement.

During the few years of our knowledge he has aided to his stature and to his responsibilities by being one of the original members of Waveland's Planning Commission, a member of the board of Christ Episcopal Day School, and an original member of Hancock County's Port and Harbor Commission. In the last capacity his engineering background was particularly valuable and it wasn't infrequent that an engineer giving information to the commission turned out to be one of Dean Robert's pupils or sometimes a pupil of a pupil.

With all of this accomplishment and this civic-mindedness we believe we will best remember Dean Robert for two even rarer qualities—true gentleness and sense of humor.

Hospital rules...

(Cont. from Page 1.)
 to delay her discharge from the hospital; but that these rules were all made by the board of trustees.

Before the vote on each of Robert's motions Trustee Robert Thigpen urged the board members to enter a "gentleman's agreement and shake on it" agreeing to stay away from the hospital except for board meetings or when they had somebody sick there. He also charged that Robert's motions were motivated by the personal disagreements between Robert and Lader.

After several of these harangues Martinovich told Thigpen he appreciated Thigpen's efforts at peace making but the trustees should get on one side or the other and "quit playing both sides against the middle." The doctor also told the board the medical staff would "tolerate no interference with patient care" but that otherwise it was the board's problem to work out as the board saw fit.

The controversy between the medical staff and the president appears, in part at least, to stem from a provision in the hospital's by-laws which reads that the president has "general supervision" over the hospital. When asked on what basis he thought he had authority to write McFarland the letter saying the doctor would be "suspended" from use of the hospital, Lader pointed out that this provision of the by-laws and at another point said "What I did I believe to be right."

 board had conferred with Lader behind closed doors last week and indicated it expected him to confer with it again this Monday. He was present for the early part of the meeting and then departed.

Supervisors went into executive session at the close of the meeting with Sheriff Lader and Chief Deputy Rido Dupree on what President R.G. Hubbard named a personal matter and then adjourned until July 6. In other action it approved Mrs. Linda Tomachak as a deputy tax assessor to succeed Mrs. Ramona Starling who is leaving July 1; voted to pay Ralph Hodge's expenses at the state's conference; loaned \$5,000 to the Bay St. Louis Separate Municipal School District for purchase of a school bus; noted the district always pays its taxes on time, and authorized the district to bring suit to force tax collection.

 Robert M. McFarland, president of the Mississippi Association of Technology, and Dr. James McFarland, Jr., president of the American Association of Engineers, were present for the meeting.

Trade school bill indicates use for MTO

A bill, called the Mississippi Technical Training Oct. of 1964, enabling Mississippi State University to establish a technical training institute won final approval in the Senate last week. While no location of the institute is set by the bill, technical training of electronic and engineering technicians for the aero-space industry is provided for and NASA's Mississippi Test Operations are mentioned in the bill. For these reasons there is speculation that the institute may be located in the vicinity of MTO. A companion bill appropriating \$200,000 for operation of the institute also won final approval. \$125,000 is earmarked for administration and instruction, with the other \$75,000 for equipment and materials.

Assessment topic at W'land meet

Adjustment of tax assessments was the leading point of discussion at a recessed meeting of Waveland Town Council Tuesday night. The mayor and board of aldermen considered last year's assessments, and recent improvements in property and buildings in an attempt to equalize assessments this year.

Other action included purchase of half page advertisement for the Miss Bay St. Louis pageant program from the Jaycoes, for \$50; and a \$25 ad in the program for Bay-Waveland Yacht Club.

Council will meet again Tuesday night.

5 GET DIVORCES

Five divorce decrees were entered by Chancellor Robert Buntin during the first two days of the current court term. They were Margaret Ann Favre Wrangle Peltier vs. Daniel C. Peltier; Mrs. Gladys Cuevas Lancaster vs. Leonard Boce Lancaster; Earl L. Robinson vs. Dorothy Foster Robinson; Catherine R. Broux vs. Edward C. Broux; and Emerald O. Smith vs. James E. Smith.

Mr. and Mrs. G.R. Kiefer of Baton Rouge, spent a few days last week with his mother, Mrs. Frank Kiefer, while en route to Destin, Fla. This week Mrs. Kiefer will represent the Hancock County Chamber of Commerce at a two-day public relations meeting at the Buena Vista in Biloxi.

A \$1,312,000 contract was awarded last week by the Corps of Engineers to Carpenter Brothers of Dallas, Tex., to build a new maintenance building adjacent to the site maintenance building already under way.

NEW CHANCELLOR - Hancock County's new chancellor, Robert Buntin of Gulfport, examines docket previous to opening of this term of Chancery Court Monday. He is assisted by Mrs. Vera Buntin, deputy clerk. Legislature this spring provided additional chancellor for this district.

The Mississippi Legislature POLITICOS SPEAK

BY RALPH SOWELL JR.

After 22 weeks, the 1964 Mississippi Legislature has adjourned its regular session, but sessions will be back in the Capital City June 17 at the call of Governor Paul Johnson for a special session.

The order of business will be to take up private school legislation. The governor addressed both houses last week and presented the problem to them. Two choices were available: to continue the regular session, or to be called again for a special session.

Legislators were not willing to continue this regular session; it was the longest in Mississippi history, and they had begun to get weary several weeks ago.

Additionally, most had spent their \$3,000 regular session pay on expenses incurred, and besides, most of them have businesses at home which suffer when they have to be in Jackson. During the special session legislators will receive \$22.50 a day. The session is not expected to be very long.

Most legislators were in favor of calling the special session, although they were not anxious to meet again so soon. However, Gov. Johnson explained the urgency is due to a federal court order that the counties of Leake, Hinds and Harrison, present a plan for integration of schools commencing July 15.

Both houses worked more than 12 hours Saturday, adjourning past midnight, and the age-old problem of liquor occupied much of the time.

Referendum on liquor

The two houses quibbled down to the wire, but finally a liquor bill was passed which will call for a state referendum in November. Voters will have two choices: To repeal or retain the state's prohibition laws, and if the verdict should be repeal, authorize private sale or state sale of liquor. The state sale plan would give not only tax but profits on the sale of liquor to the state.

If the people approve the local option liquor referendum, counties may then vote themselves from under the state dry laws. The plan accepted by the Legislature is generally that supported by the Governor. Johnson has said all along that he would not support any bill that did not give the people a chance to vote on. The last referendum in Mississippi was ten years ago and resulted in a 3-2 margin for the dries. Mississippi is the only state in the Union considered a dry.

Governor Johnson's proposal for a Mississippi Marketing Council, designed to further development in the fields of agriculture and forestry, gained final approval last week, and later his campaign manager in last summer's elections, Gene Trigg, was confirmed as its new director.

In other appointments made, Rep. Walter Hester of Adams County was appointed as motor vehicle controller to succeed Paul Gidder. He will probably be replaced as chairman of the House Ways and Means Committee by C.B. (Buddie) Newman of Issaquena County.

The Governor will make other appointments in the weeks to follow, but that will not require confirmation of the Senate. NEXT WEEK: A look at the accomplishments of the 1964 Legislature, and the success of Governor Johnson's legislative program.

Hancock solons split

Hancock County's delegation was split on their decision on the liquor bill which passed both Houses last week. Rep. W. J. Phillips of Bay St. Louis cast his vote in favor of the measure which passed the House by a 72-34 vote. Sen. James A. Rester of Leetown voted against the bill which passed the upper house by a 26-16 vote.

City Echoes

Mr. and Mrs. Ed Arceneaux are now Kenosha, Wisc., after a stay in Tacoma, Wash. Since leaving the Bay in early spring they have driven 6,399.7 miles through 15 states and visited Yellowstone National Park on the latest lap of their trip.

Mrs. J.W. Clark, camping chairman for the Gulf Pines Girl Scout Council, and officers of the council met recently with Robert L. Mashburn, landscape architect and city planner from Pine Bluff, Ark., who has been engaged by the council to prepare the master plan for their permanent Girl Scout camp near Wiggins.

Mrs. Honorine Hughes has returned to her home in Clarendon Harbor after visiting relatives in Baton Rouge, Ponchartraine and Houma, La., making the trip to attend the graduation of her grandson, Edward Hughes, III, who will enroll this fall at Nichols State College.

Arriving Wednesday to spend the summer with Mrs. Ruth Woods Luderbach were her son-in-law and daughter, Mr. and Mrs. Charles Lyle of Richmond, Va., and their teenagers, Elizabeth, Sherrill, and Charles.

Mr. and Mrs. Charles Ruffin and four children, of Mobile, Ala., were guests Sunday of Mr. and Mrs. C. C. McDonald.

Capt. and Mrs. W. H. John plan to attend a dinner party June 16, in New Orleans honoring Miss Lucille Hixon and Louis Koerner, Jr., whose marriage will take place at 11 a.m. July 23 in Holy Name of Jesus Catholic Church.

Report on status of hospital plans

Final plans for the addition to Hancock General Hospital were approved by state authorization two weeks ago and forwarded to Atlanta for federal approval. Thomas O. Logue, hospital administrator reported to the hospital's board of trustees at its meeting Tuesday night.

Logue said he planned on waiting a few more days before checking with Atlanta on what action, if any, has been taken on the plans. He speculated that the closeness to the end of Uncle Sam's fiscal year may cause some delay in the final hurdle before the board of supervisors can advertise for bids on the construction.

Dr. Maurice R. Wingo, Pass Christian, the hospital's radiologist who last month proposed a reorganization of the x-ray department which contractually would give him responsibility for and authority over the department, has written that effective July 1 his fee would be 40 per cent of the amount actually received by the hospital for services performed by the x-ray department.

At present Wingo receives 35 per cent of the actual billing, excluding charity patients, whether collected or not. Logue reported to the board that, using an estimate of 15 per cent of charges being uncollected, the doctor would actually receive slightly less under the new

arrangement. Trustee John Rutherford moved that the new arrangement with Wingo be approved on month to month basis. He was seconded by Trustee Joe K. Duckworth, and the motion carried unopposed.

Logue asked for authority to enter into a contract with Leavell and Kiewit for the hospital to furnish the contractor a registered nurse at the scene of its construction activities at MTO. Logue's proposition included payment to this nurse of whatever other nurses at the test site were paid and transportation by the hospital's station wagon to and from the location at MTO. The contractor would pay the hospital the costs involved including costs of supplies used.

The use of the station wagon drew some criticism as did the possible effect of paying this nurse a different scale from that paid for duty at the hospital. Logue said he would prefer to have the hospital's station wagon with its higher wheelbase and driven by an orderly provide the transportation to a nurse using her own automobile because of road conditions in many parts of MTO. On the pay question Logue said he would rotate the nurses on this duty so any pay differential would be spread around.

The administrator was authorized to "play-it-by-ear" and enter into the contract he thought best provided the hospital was reimbursed all costs. There is also the possibility that other large contractors, specifically Morrison-Knudsen, may want to make similar arrangements. Logue also commented.

In other action the board approved the hiring of Walter Rheanne, retired Army CWO, as dietitian along with the salary arrangements made by Logue; authorized Logue to advertise for bids starting June 18 for furnishing supplies with the bids to be examined by the executive committee July 8; and to make arrangements with Jack Lane, physiotherapist, for the technician to use certain hospital areas on a rent-free basis for a six months should Lane make his services available at the hospital.

 tric sign manufacturers in the United States.

In 1946 the Enamel Division was created to manufacture porcelain enameled signs and architectural porcelain enamel panels, with a dealer and sales organization serving virtually the entire country, including Alaska. The division was moved here to a new plant built under Mississippi's BAWI Plan. Over 100 Mississippi citizens joined the industrial family along with many others who moved to the Bay St. Louis area. Because of increased sales of porcelain enamel products an addition to the Bay St. Louis plant will soon be erected.

More than 150 people are employed in the Bay St. Louis enamel plant which ships products as far away as Bangkok, Thailand, and Krakow, Poland.

In 1938 Industrial established Industrial Outdoor Displays; added the plastic sign division in 1951, the panel board division in 1958, purchased General Outdoor Advertising Co. for its Outdoor Displays in 1962 and established Industrial Signs in 1960.

Mr. and Mrs. Brignac became year around residents of Bay St. Louis in 1944. They have two sons and a daughter; Albert Brignac and Mrs. Don Lader of Bay St. Louis, and Edmond Brignac, Jr., vice president of Industrial Electric, Inc. of New Orleans.

Brignac is a member of the Bay St. Louis Planning Commission, president of the Bay Little Theater, director of the South Louisiana Chapter of the National Electric Contractors Assn., and served as treasurer of the National Electric Signs Assn.

Mrs. Fillingame fotos bride-elect

Jane Angelica, bride-elect of Gregory Neccaise, was honored with a miscellaneous shower Friday evening by Mrs. James A. Fillingame. Mr. Neccaise is the son of Mr. and Mrs. M. J. Neccaise, Jr.

Mrs. Fillingame was assisted in serving by her daughter, Sandra, Conde Neccaise and Pamela Pitts.

The bride-elect and her mother, Mrs. Richard Neccaise of New Orleans were presented corsages of pink and white carnations. About 25 guests attended.

Mrs. Helwick

Mrs. Adolph Helwick, 81, the former Maggie Helwick, died at 3:05 a.m. Sunday at the home of her son, Eldridge A. Helwick, in Pass Christian, where she had lived for the last 44 years. She had been ill for two months.

Mrs. Helwick was recognized last year by Bishop Joseph Brundage as a founder of St. John's Catholic Church in Lakeshore when the new sanctuary was dedicated. She resided with her son for 44 years.

Survivors besides her son, include two brothers, Eldridge Yarborough, Pearlboro; Joseph J. Yarborough, Pass Christian; three sisters, Mrs. Vladimir Fuchic and Miss Hazel Yarborough, Lakeshore; Mrs. Beatrice Woodward, Mobile, Ala., and nine grandchildren. Requiem mass was said Monday at St. John's Church, Rev. Cansius Hayes, officiating, with burial in Lakeshore Cemetery. Riemann's Fahey-Whitfield Funeral Home was in charge.

Mrs. N. R. McKay

Mrs. Martha Estelle McKay, 88, died at her home, 107 Hancock Ave., at 10:30 p.m. June 3. She is survived by her husband, Nollie R. McKay, two daughters, Mrs. James R. Bone, New Orleans, and Mrs. Annie Ray McKay McGee, Houston, Texas; one sister, Mrs. May Williams, Long Beach; one grandson and four great grandchildren.

She was born in Copiah County, Feb. 10, 1876, and lived in Memphis, Tenn., before moving here five years ago. Prayer services were said Friday at Riemann's Fahey-Whitfield Funeral Home chapel by Rev. Emory Green, pastor of St. Baptist Church after which the remains were sent to Memphis, Tenn., for burial in Memorial Park Cemetery there.

Dean Robert..

(Cont. from Page 1.) Camp Martin there during World War I. Serving in many important positions for the Louisiana Engineering Society through the years, Dean Robert was manager from 1943 to 1946 of the American Society of Mechanical Engineers' national chapter and chairman in 1938-39 of the southeastern section of the American Society of Engineering Education. He served on the board of operating engineers from 1934 to 1941 and on the board of Pendleton Shipyard, Inc.

Besides his widow, the former Gladys R. Kearny, the dean is survived by two sons, Kearny Quinn Robert of New Orleans and Waveland and William Douglas Robert of La. land, Fla.; one sister, Miss Alice Robert of New Orleans, and several grandchildren.

The funeral was Tuesday in New Orleans with burial in Metairie Cemetery. Rev. Charles R. Johnson, rector of Christ Episcopal Church and headmaster of Christ Episcopal School of which Dean Robert was a trustee, officiated.

Serving as pallbearers were A. Lee Dunlap, Frederick H. Cox, Lloyd B. Griffith, Reinhardt A. Steinmayer, John K. Mayer and Lee H. Johnson. Honorary pallbearers were Pendleton E. Leide, Dr. John F. Dicks, Winthrop P. Baker, Col. Marcel Gillis, Victor A. Leveau and Basil P. Cockshott.

Citizens band radio used 1st time in search

Five young people who left home about 8 p.m. Monday were located in the Baldwin Plantation area near Ansley within two hours after Bay civil defense organization was alerted at 4 a.m. Tuesday by Sheriff Sylvan Lader. They had automobile generator trouble, according to Bert Stieffel, CD chief.

Missing were Miss Kowalski, daughter of the Frank Kowalski, Pass Christian; boy Lawson, of Bay St. Louis; Miss Favre, daughter of the Harold Favres; and Miss Bilbo, daughter of Mrs. Verdee Bilbo, Waveland.

Deputy Chester Favre, Game Warden Pat Toomey, Ray Stieffel, Russell Elliott, Felton Cuevas, R. D. Russell, Donald Dorn, Monroe Garcia, and units of NASA patrol took part in the search, with the CD head using mobile units, and, for the first time, the new citizen bandhook-up. On hand with plane and wrecker were Bernie Piazza and Sam Pernicari.

Miss Pulizzano becomes bride of Tyrrell Favre

Our Lady of the Gulf Catholic Church was the scene of the wedding at 2 p.m. Sunday of Miss Margaret Catherine Pulizzano, daughter of Mr. and Mrs. Henry Pulizzano of U.S. 90, to Tyrrell Joseph Favre, son of Mr. and Mrs. Edward Favre of St. John Street, Rev.

Denis J. Harlow performed the double ring ceremony. Given in marriage by her father, the bride had as maid of honor her cousin, Miss Paula Perdicchia. Her flower girl, Miss Joseph V. Pulizzano of Metairie, La., was mistress of honor. Mrs. Jerry K. Favre was also an attendant.

Marriage Licenses

Applications of local interest for marriage licenses issued during the last week by Circuit Clerk Lamar Otis were as follows:

Floyd James Smith and Rita Carroll Bounds, both of Rt. 3, Picayune; Marcel LaRosa and Mrs. Wallie Merice Hahn Madsen, both of Waveland; Wayne Edward Thomas and Linda Louise Gallagher, both of Bay St. Louis; John W. Goleman, Rt. A, Poplarville, and Mrs. Neil Norman Smith, Pearl River, La.

Henry Pulizzano, Jr., brother of the bride, was best man and the groom's brother, Jerry Favre, was groomsman. Officiating was Joseph V. Pulizzano of Metairie, the bride's brother. A reception followed at the Knights of Columbus Hall. After the wedding trip to an undisclosed destination, the couple will be at home on St. George Street. Out of town guests were for the ceremony included Mr. and Mrs. Sam Burgett and family of Marver, La.; Mrs. Lena Pulizzano and son, Mr. and Mrs. John Felin and family, all from New Orleans, and Mrs. Rose Santangelo and family of Hammond.

Miss Erwin is to wed Mr. Green

Announcement is made this week by Mr. and Mrs. James Ernest Erwin of the engagement of their daughter, Nita Kay, to James Reed Green, son of Mr. and Mrs. Bernard Reed Green of Hattiesburg.

The wedding will be solemnized Aug. 22 at First Baptist Church, Rev. Emory Green will officiate.

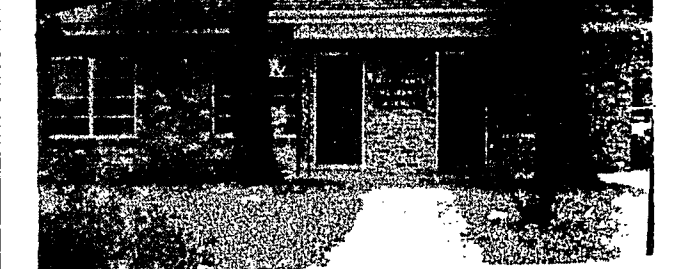

The bride-elect is a graduate of Bay High School and attended the University of Southern Mississippi. There she was a member of Dixie Darlings, affiliated with Chi Omega sorority and was named Rose of Kappa Alpha Order. She is the reigning Miss Bay St. Louis.

Mr. Green is a graduate of Hattiesburg High School and the University of Southern Mississippi. He was a member of the M Club, Kappa Alpha Order, Alpha Epsilon Delta, honorary pre-medical fraternity, and was named to Who's Who in American College and Universities. In the fall he will enter the University of Mississippi Medical School in Jackson.

The family of Roger Heitzman, a great sportsman and we'll certainly miss our frequent but none the less interesting discussions of horseflesh.

Yvonne and Norman Benigno are driving around in a lovely brand new white automobile. Ann and Mickey Horn and daughter Laurie hope to take off on their much delayed trip home to Boston next week. That is if Laurie continues to improve from allergies which have kept her hospitalized for the past few weeks.

One of our fishing friends, Charles A. Hays of Leopold Street, caught one and one-half dozen cat fish and a few crabs off the car bridge early

Quick! Pick a Chevrolet and fill in the spaces

Now's the time to see the great outdoors in a great Chevrolet buy!

Here you are on the brink of vacation time. There's your Chevrolet dealer in the midst of Trade 'N' Travel Time. You two should get together! Object—celebrating the joys of summer in a new Chevrolet.

Why a Chevrolet? Well, with 15 models in four series, what possible reason is there to look further?

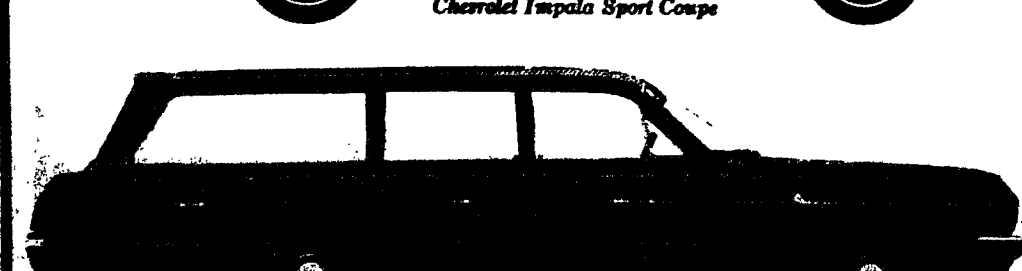

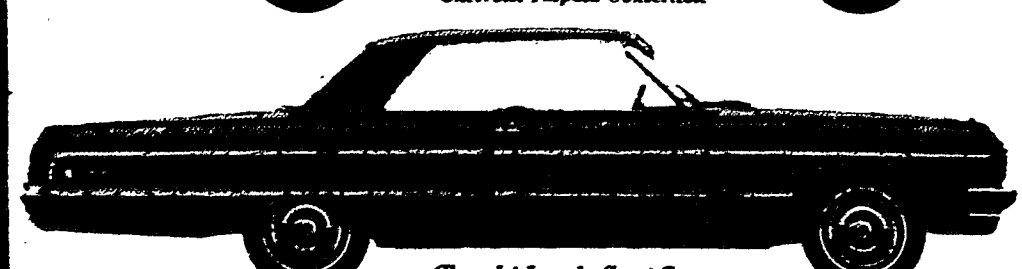

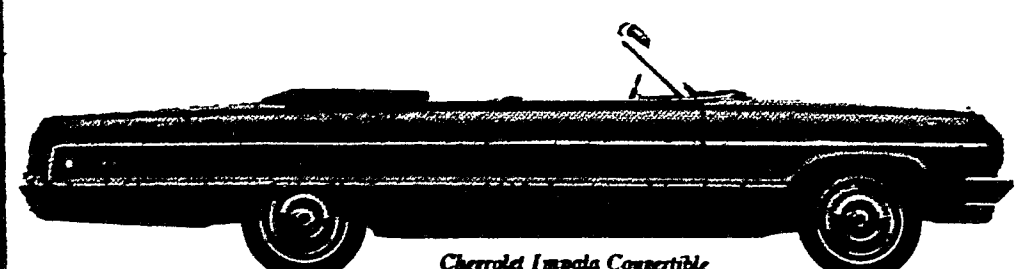

Take the Impala Super Sport and a lot of people do just that. Comes as a Sport Coupe or Convertible. Has trimmings like front bucket seats, center console, special trim—all as standard equipment. And offers a

typically Chevrolet array of extra-cost options.

Plain Impalas are anything but. They come in all popular body styles, including wagons. They're dressed up to a fare-thee-well: fully carpeted interiors, upholstery as durable as it is attractive.

Bel Airs and Biscaynes, the lower priced Chevrolet, make a practice of hiding it. All the conveniences, no sacrificing comfort or style.

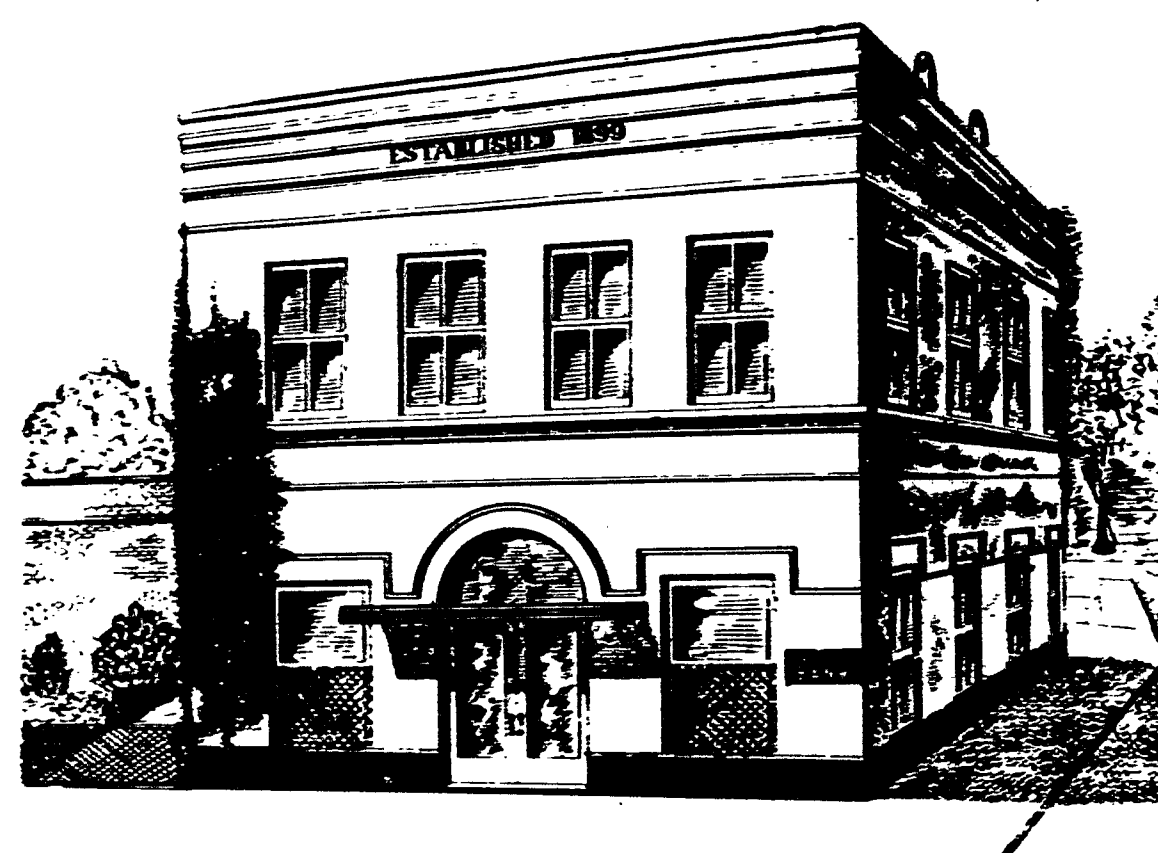

Did we mention that Trade 'N' Travel Time won't last forever? It won't. So see your Chevrolet dealer. Then go fill in the spaces.

Mississippi

There's much happiness, romance and tragedy woven into the dramatic story of Mississippi. In her palmiest ante-bellum days there were more millionaires living in Natchez than in any other city in the United States.

Her economy destroyed during the Civil War and Reconstruction, she started from scratch and when King Cotton was enthroned again, she led in the production of the country's most valuable export, a staple that provided the growing Republic with a favorable foreign trade balance for many decades.

The boll weevil and tinkers with our economy, along with the competition of synthetic fibres, combined to curtail cotton acreage until we well-nigh lost our foreign markets.

Now comes agricultural and industrial diversification, the mechanization of our farms, the production of gas and oil and an industrial revolution. Progress along the Mississippi Gulf Coast approaches the fantastic with recent resort developments, the Gulfport State Port Authority, the Standard Oil Refinery at Pasca-

goula, and Hancock County's NASA Space Project. Having trailed at times in per capita wealth and earning power Mississippi rises again. Adversity has steel into her spine and revitalized her spirit.

Not long ago seven of Mississippi's native sons were serving in the United States Senate at the same time and even now she leads all the states in the production of literature.

A prolific breeder, her sons and daughters are in positions of leadership and responsibility all over the world. Humble in her prosperity, proud in her poverty, her heroic sons have fought and died in every war for their ideals and traditions. Their patriotism has never been questioned. There are no Communists in Mississippi.

Examine Mississippi's enviable record. Look into her heart. If character is the keystone of a people's economy and destiny, and if you seek golden opportunities in the Deep South, Mississippi is the richest spot on the map.

Sells Tarrantville, Barbara Strong and Louis Yarbrough. Little Lachar and Grace Bandages were both heading after a phone call from grand-son and son respectively, Mar-riane Biddle Wilson and wife Jeralyn. Jeralyn's parents, Myrtle and R.W. Jones will drive to San Diego to visit them in late July and Jeralyn will return home with them to await the arrival of their first child in November, to be followed by Biddle who'll fly home on a 30 day leave in August.

Jane, Brewster and all six little Mollers returned safely from a trip to the Smoky Moun-tains last week. Brewster re-ports that he got completely lost in every large city they hit. . . and Jane says although they covered lots of territory, she'd prefer to take her next vacation with someone else. . . Brewster apparently isn't much of a sightseer.

Norma (Mrs. Tommy) Karl and cousin Elaine Woodcock are vacationing in Florida while Tommy is doing his annual National Guard stint.

Apology

To Clara Lee Author for giving her husband Albert a new name when writing about her accident in last week's paper. His name is and has always been Albert not Roy! We apol-ogize.

Ruth Landry called to say she will really be a great-est aunt when great-nephew Dale Camazzaro's baby arrives. Ruth and Al had as weekend guest their great-niece and great-nephew Peggy Reg-gie and Peter Camazzaro of New Orleans.

Carmelita Saucier who has returned from an emergency trip to Orlando, Fla., reports that grandchild Debbie Glass is now recovering from surgery for a com-pound skull fracture, but faces another operation in about six months. Carmelita had as her travelling companion another granddaughter, Diane, daughter of Mr. and Mrs. Santo Saucier of Waveland.

Jessie Ferre has just re-turned from Baton Rouge where she visited daughter, Gaynell, son-in-law Cort Beyer and daughter Destree. Gaynell and Des-tree are to spend two weeks with Jessie in July and she's frantically searching for a baby bed to use for the anticipated first visit of her first grand-child.

Betty Ann McCutcheon who taught in Houston, Texas, last school term, has arrived and is dividing her visit between her father, Bob, and his fiancée, Margie Kempf. Margie and children Jody and Jimmy leave via air for Alameda, Calif., where they will visit Margie, Jr., husband Joe Church and of course little Joe.

Due greetings

Congratulations are on the way to Frances and Johnny Griffin who celebrated their 25th wedding anniversary on Sunday, June 7.

Little Mary Delaport gets a happy birthday greeting—she cut her cake on the same day.

SIGHTS AND SOUNDS A- LONG THE WAY - A solitary ma, her habit billowing bat-Mix in the wind as she grace-fully leapt the seawall, a small chubby girl cradling an equal-ly chubby puppy in her arms, the lingering sunsets that seem able to stave off the darkness until the sky is full of stars and wonderful summer sounds, lawn mowers, murmuring night crea-tures, water splashing gently and the soothing rustle of the leaves.
